Prof. M.R. Khadilkar
Vice Chairman, Governing Body

CHAIRMAN

Prof. Dr. (Mrs). B.S. Karkare
Principal, Vishwakarma Institute of Information Technology

About the conference

National Conference for Students in Computer Engineering and Information Technology' is a national conference organized by the CSI Student Branch of Vishwakarma Institute of Information Technology, Pune. It aims to provide a platform for undergraduate students to express their views and share knowledge from different fields of technology. It will be held in the institute on March 14, 2015. The conference will provide a chance for students to showcase their technical work and experimentation. It will encourage those students presenting their papers on projects and any experimentation done by them. The papers will be published in Proceeding with the ISBN No. Even though it may not be state of the art, the student's own experimentation will be highly appreciated. The topics for the conference have been chosen based on the thrust areas of research in academia and industry.

It is our pleasure to share that the 1st and 2nd NCPCI was successfully organized with overwhelming response.

CONVENERS

Dr. S.R.Sakhare
Associate Professor and Head
Department of Computer & Information Technology
Vishwakarma Institute of Information Technology

Prof. J. V. Bagade
Professor and Head
Department of
Information Technology

About the Project Competition

The project competition, to be held in parallel with the National Conference on 14th March 2015, is a supporting activity aiming to providing further exposure to the student's technical talents. The students can showcase their project which they have worked upon in the course of the year. An exhibition of the projects of all the selected candidates will be held and assessed by the guests of honor and industry professionals.

Student groups can participate in both / either of the two events.

CO - CONVENERS

Prof. Ms. V. V. Meshram
Assistant Professor
Department of Computer Engineering

Prof. L. A. Kamble
Assistant Professor
Department of
Information Technology

ADVISORY COMMITTEE

Dr. S.A. Joshi
Chairman, Board of Studies (Computer Engineering),
Pune University

Dr. G.V. Garje
